Part - B

1. **Activities reflecting the goals and objectives of the institution:**

a) The two major objectives of Sibsagar College at the time of its establishment in 1947 were –

- “..... promoting academic life for the fullest realization and development of the selves of the people of this region” &
- “..... develop technical training ultimately contributing to our national life.”
- These objectives were reflected in various activities of the College as mentioned below in the period under review.

❖ **Curricular activities:** Subjects taught in B.A./ B.Sc. as per the syllabi, prescribed by the Dibrugarh University. However, the faculties of the College take part in the curriculum framing process of the Dibrugarh University by being involved in such activities through different Under-graduate Study Boards constituted by the University from time to time. One such activity was the participation of many of the faculties of the College in the University Under-graduate Study Boards sittings for framing of new syllabi under Semester system in collegiate education introduced from 2011-12 session. The Department wise details are as follows –

- i. **Economics:** Mr. Nabajyoti Sarma, HoD, attended the meeting of Board of Studies for Under-Graduate Programme (Economics) in the capacity of one of the members of the Board. Before March 2011, whole process of course design completed.
- ii. **Education:** Mrs Malaya Borgohain, HoD, of the department has got involved in curriculum framing for the semester course.
- iii. **English:** Dr. Anooradha Chakravarty, HoD, attended meetings at the University campus and took part in the designing of the syllabuses of English Major, English General and Alternative English for the Semester system course in the month of June 2010. Another faculty, Sri H. K. Nath has edited the course contents of the Dibrugarh University Distance Education Graduation Level Course.
- iv. **Philosophy:** Mrs. Dolly Roy Baruah, HoD, being a member of the Board of Studies for Under-Graduate Programmes, had access to these activities. She played active role in the overall curriculum development including syllabus framing and revision.
- v. **Political Science:** Mr. Bakul Patar, HoD, participated in a workshop organized by Dibrugarh University regarding implementation of Semester

system and the framing of syllabi in undergraduate level held on 25th March, 2010.

- vi. History: Dr. Diganta Kr. Sarma, HoD, being a member of the Board of Studies for Under-Graduate Programmes, has access to these activities and active role in the overall curriculum development including syllabus framing and revision. He attended many such meetings in this session.
- vii. Botany: Faculty members are involved in designing semester curriculum of Dibrugarh University.
- viii. Chemistry: Mrs. Reboty Dutta, HoD, participated in the meeting and workshop regarding semester system and framing of syllabi organized by Dibrugarh University. Dr. Dimbeswar Hazarika, a faculty of the department was involved in the curricular design of the course for semester system.
- ix. Statistics: Mr. Bijoy Mohan, HoD, being a member of the Board of Studies for Under-Graduate Programmes, has access to these activities and active role in the overall curriculum development including syllabus framing and revision. He attended in the meeting and workshops regarding semester system and framing of syllabi organized by Dibrugarh University.

❖ Co-curricular Activities: Each department gave assignments, conducted seminars, Guest lectures, and some departments conducted inter-class and inter disciplinary exchange programmes. Long and short excursions are a part of our Zoology, Botany and Geology syllabus. The students visit many National parks & sanctuaries, mountains, oil fields, coal fields etc. They observe flora and fauna, rock formation, fossils etc. in these sites. Although not compulsory the students of the History Department are taken to various places particularly to monumental places. They observe different life styles of countrymen, important monuments and national heritage. During this period healthy relationship between the student and teacher develops.

❖ Extracurricular Activities: Ample opportunities are given to exhibit the hidden talents by conducting various competitions.

- i. The College organized annual sports competition in January, 2011.
- ii. A friendly cricket match between the students and teachers of the College was organized at the opening day of Annual Sports Week in January, 2011.
- iii. A district level cricket tournament among the teachers of various colleges of Sivasagar district was organized in February, 2011.

- iv. The College organized annual music and drama competition in January, 2011.
- v. The College organized literary and fine art competitions in January, 2011.
- vi. A competition of Wall Magazine at department level was held in January, 2011.
- vii. The College Magazine and Eshona were published by the College.
- viii. The Sibsagar College Teachers' Unit published SIBCOLTEJO, its research journal for arts and science.
- ix. The College sent select teams to various inter-college sports and music competitions being organized at the University and different colleges of Assam and they secured many prizes.
- x. N.C.C. and N.S.S. Programmes like tree plantation, cleaning of campus and neighbouring areas by volunteers, blood donation etc.
- xi. Club activities of various departments in which eminent speakers were invited. Seminars, Lecturers and Exhibitions were held.
- xii. Various cultural programs, sports activities, elocution/debate, essay, quiz competitions were conducted.
- xiii. Industrial visits for our I.T. students were arranged. This helps students to know much about upcoming Technologies in the subject of Information Technology. These visits benefited the students to know the practical use of the subject.
- xiv. Guide to School students : We guide various schools to make their science projects for the children science congress competitions and to satisfy the thirst of school children to gain more knowledge to some extent. Many of these students receive prizes and medals at State & National levels. In all these activities students from our college participate actively. All these activities help our students to become self-reliant and bold, capable to meet the future challenges.

2. New academic programmes initiated (UG and PG) :

The following programmes were initiated as self financing programmes

- b. PGDCA in the Department of Computer Science.
- c. BCA in the Department of Computer Science.

3. Innovations in curricular design and transaction:

Curricular design and transaction solely rest with the Dibrugarh University to which it is affiliated. However, as pointed out earlier, quite a good number of teachers take part in the framing of the syllabus of concerned subjects in the University for the Under Graduate Programmes. Teachers planned their teaching plan. Teachers write their daily teaching work diaries. Teachers maintain their work diaries which are scrutinized by the Head of the Department and signed by the Principal at the end of the each term.

4. Inter-disciplinary programmes started:

The PGDCA, as mentioned earlier, which was started in the Department of Computer Science, is a programme of inter-disciplinary nature in which students from social science and humanities background also use to get themselves admitted for pursuing the programme, apart from those from science stream.

5. Examination reforms implemented:

Final examinations were held as per the schedule of the Dibrugarh University. The College has a Board of Examination for smooth conduct of the examinations which is consisted of the teachers of the College. The College also held terminal examinations twice in that academic year and announced the result within the prescribed time frame. Moreover, Unit Tests, Class Tests etc. were conducted at department level. All the examination related information was kept in a systematic manner.

6. Candidates qualified: NET/SLET/GATE etc.

Since the College is an Undergraduate institution, keeping records of NET/SLET/GATE qualified passed out students is difficult. But, as per informal communication made to the College, a few students qualified for these examinations in that year, such as Sri Rupjyoti Duari in Political

Science, Sri. Girish Mili in Education, Ms. Smritirekha Phukan in Education and many others.

7. Initiative towards faculty development programme:

The College did not organize any FDP on its own, but encouraged the teachers of the College and gave them opportunity to take part in the programmes such as Orientation Programme, Refresher Courses, Short Term Courses, Workshops, Seminars, Conferences, Symposiums etc. being held in different parts of our country and abroad too, by granting them duty leave/special leave. Moreover, the faculties have been regularly publishing books, research papers, articles and other such type of write-ups in various journals, magazines, periodicals etc.

a) The following teachers of the College took part in various FDP in this period.
